Reference for Jonathan Stevens

Jonathan was recommended to us by a colleague, having previously undertaken website design for their community centre.

Jonathan has designed a website for our social enterprise, Out of the Box, and photographed products for our online shop.

Jonathan has put together a modern and comprehensive site with very little need for guidance and we are very pleased with the results, which will replace our current website by the end of the month.

He acted quickly and produced a dummy site within a week of the initial request, providing us with full access to make the final changes before transferring to our domain. He is now working on our secure online shop.

We have found Jonathan to be very knowledgeable and he has recommended several improvements for our other charity websites around security which we plan to act upon.

I would highly recommend Jonathan to other charities and small businesses.

A handwritten signature in black ink, appearing to be 'J. Stevens'.
